TANTASQUA

WICKER (sister/Mommy)

Mommy,

Thank you so much for making calculus such a blast ... oh, yeah, and for actually teaching it to me. Honestly, you are the best math teacher I've ever had and it really meant a lot to me that you were so willing to put in the time and effort necessary to ensure understanding. I'm really going to miss our study sessions and classes, but I'll be sure to come visit you! Thanks again -

♡,
Ashley

p.s. Jesus loves you, so go find a good partner! :)

Hi Mommy!

I hope you like the picture! Thank you so much for being the best teacher ever! You made my year so much more special, and you made math (usually an issue for me) really easy, and I actually liked it! Those study sessions helped so much, thank you for helping us, I couldn't have gotten through the year without you! Thanks also for being a friend, too, I'll be sure to keep in touch next year, I'm going to miss you! And I'm psyched to use my gift certificate this year! I'll see you at study session reunions!

♡ Jess

PS you can always come live in Sturbridge

Mommy,

I'm gonna miss you. You were by far the best ~~calc~~ math teacher I have ever had. The help sessions were so much fun, I'm glad you thought up the idea. I would have failed every quiz and test if it wasn't for you. It really meant a lot to me that you were willing to give up your ~~tuesday~~ thursday nights. We learned a lot about each other and if you ever need to get rid of Bob, give the help session people a call and we can have a reunion. Your friggen adam and girl child stories were hysterical. I'll be sure to keep in touch. Email me... simp184@excite.com. ♡ Karen

Sister,

here it is, the end of a long year! I can't even believe that it is time for Kate to leave & me to become a senior. I know that next year will be a blast, but it will be hard coming from next year. Looking back at all the crazy times we shared, well quite frankly makes me shit my pants! :) Boston, shopping, volvas, restaurants, & malls. We did it all! O my dear lord above! How many times did we find ourselves on the floor laughing? Hey Kate, ya got something on your nose! "I did?" You mean all that time you never told me. "That wind really is blowing! Or did she fall? I am going to miss our yearbook/social meetings. We had some late nights back there in the computer room talking boys. We all had "stuff" to talk about, & I thank God we all had each other. Margo's will always be OUR sandwich shop, & I will miss our jaunts out to lunch. Every other Friday will be FABULOUS fun! :) I can't wait to see how our next yearbook comes out. I would like to thank you for ALWAYS having your door open. You started out as my D-Block teacher, we began to laugh & joke. You then became my advisor when I joined yearbook. After hours @ Yearbook you became my mentor, and my friend. I guess this is the true meaning of a teacher. However, I have NEVER had a teacher quite like you. You have done so much to help me & guide me. You gave me words of advice with friends, family, school work, problems, & life in general. I am not sure how I would have survived this year without you! You have taught me so much in so little time. So I guess I would just like to thank you from the bottom of my heart. I am looking forward to our upcoming year, but I will certainly miss this past one. P.S.- Look, there is Banana Republic! Oh, a thousand apologies. Wow sir, oh my God, That pipe smells so good!

Thank You

Mart

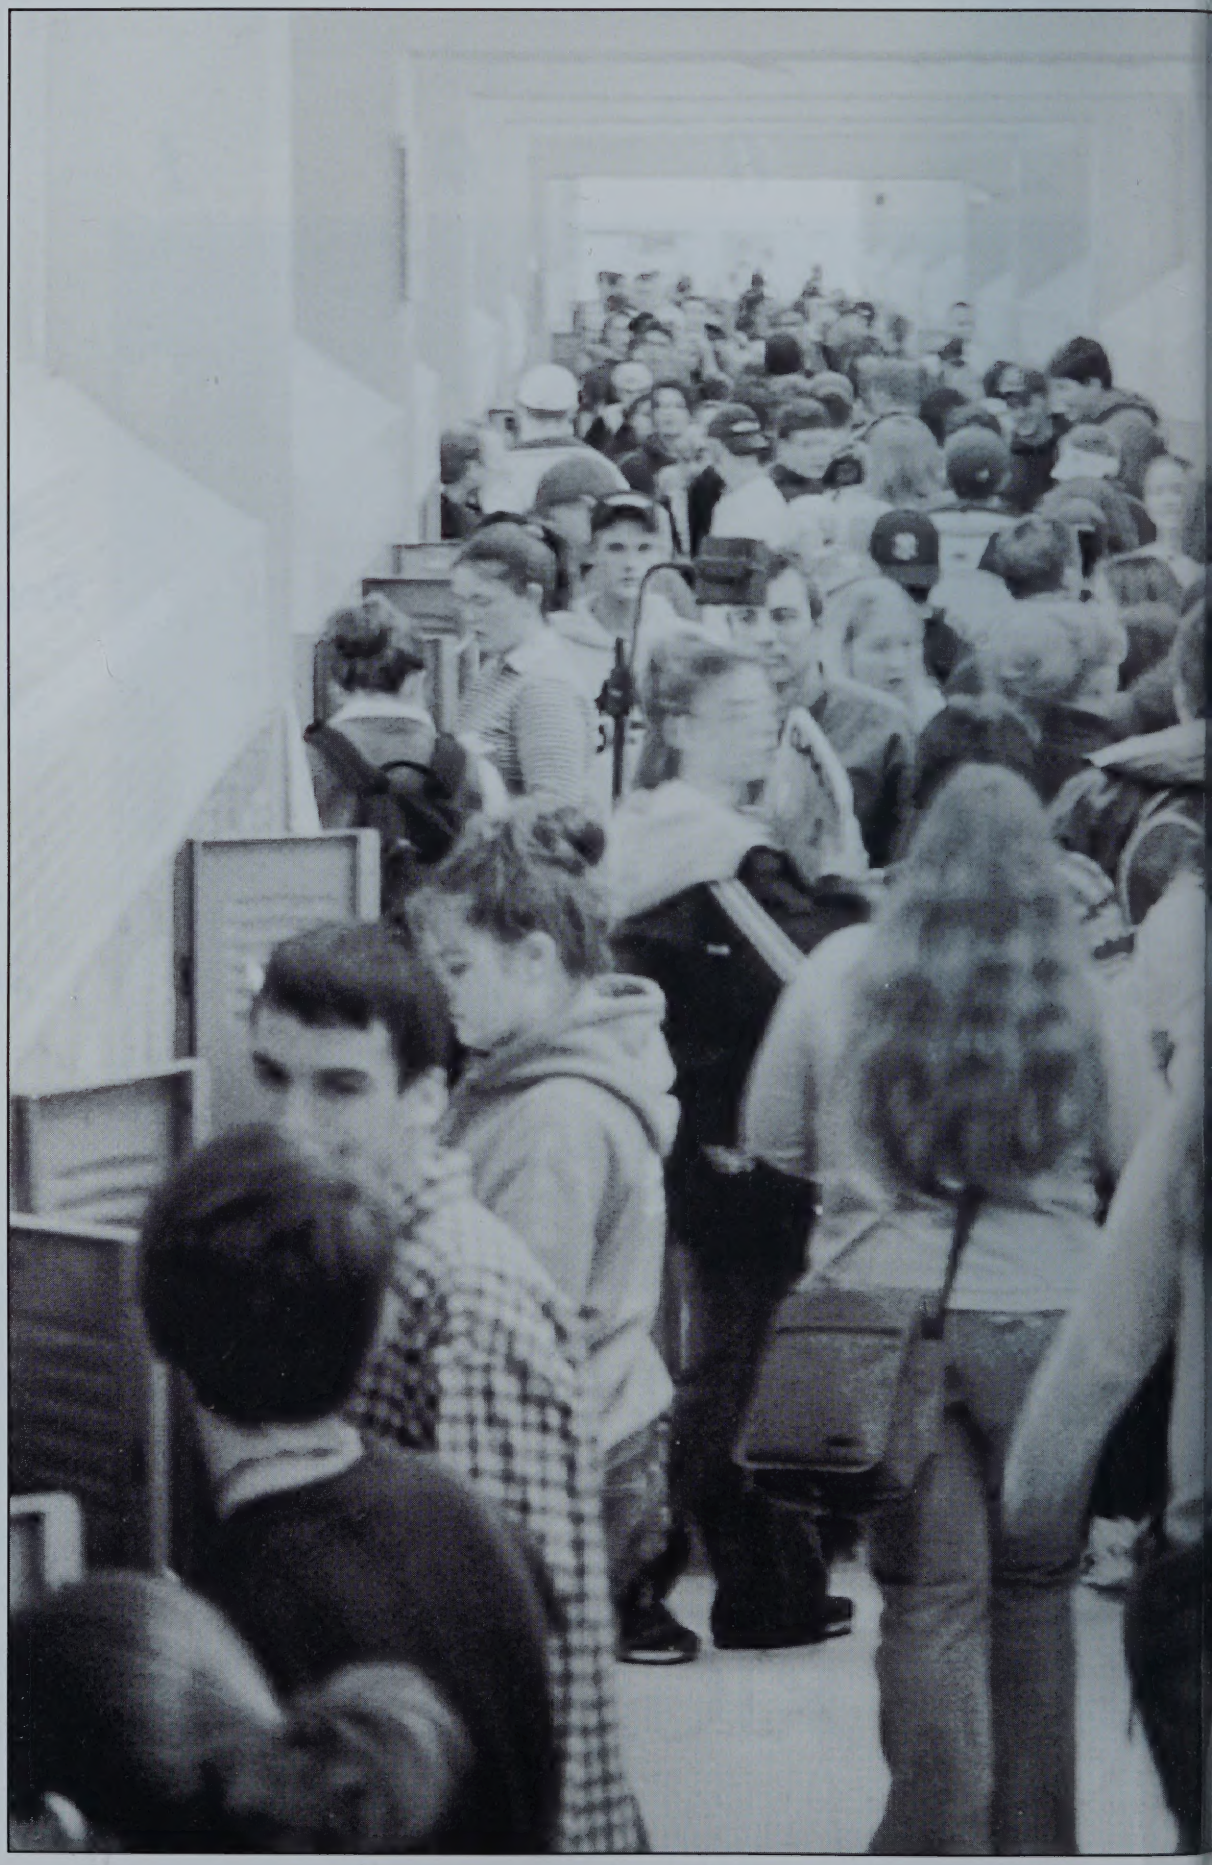
Yearbook 2000 - 2001

HEADED IN THE RIGHT DIRECTION



The halls of Tantasqua during rush-hour are packed with the hustle and bustle of teens trying to make their way to their next class, socialize with friends and make plans for the upcoming weekend. These halls have seen many students and heard many stories over the years. They have been a source of both frustration and comfort to those who pass through them daily. With a new school on the horizon, these walls will be retiring and will continue to exist only in the minds of those who have made their way through them. May those students always remember the contributions these walls have made to their lives as they move toward new goals and keep themselves headed in the right direction.

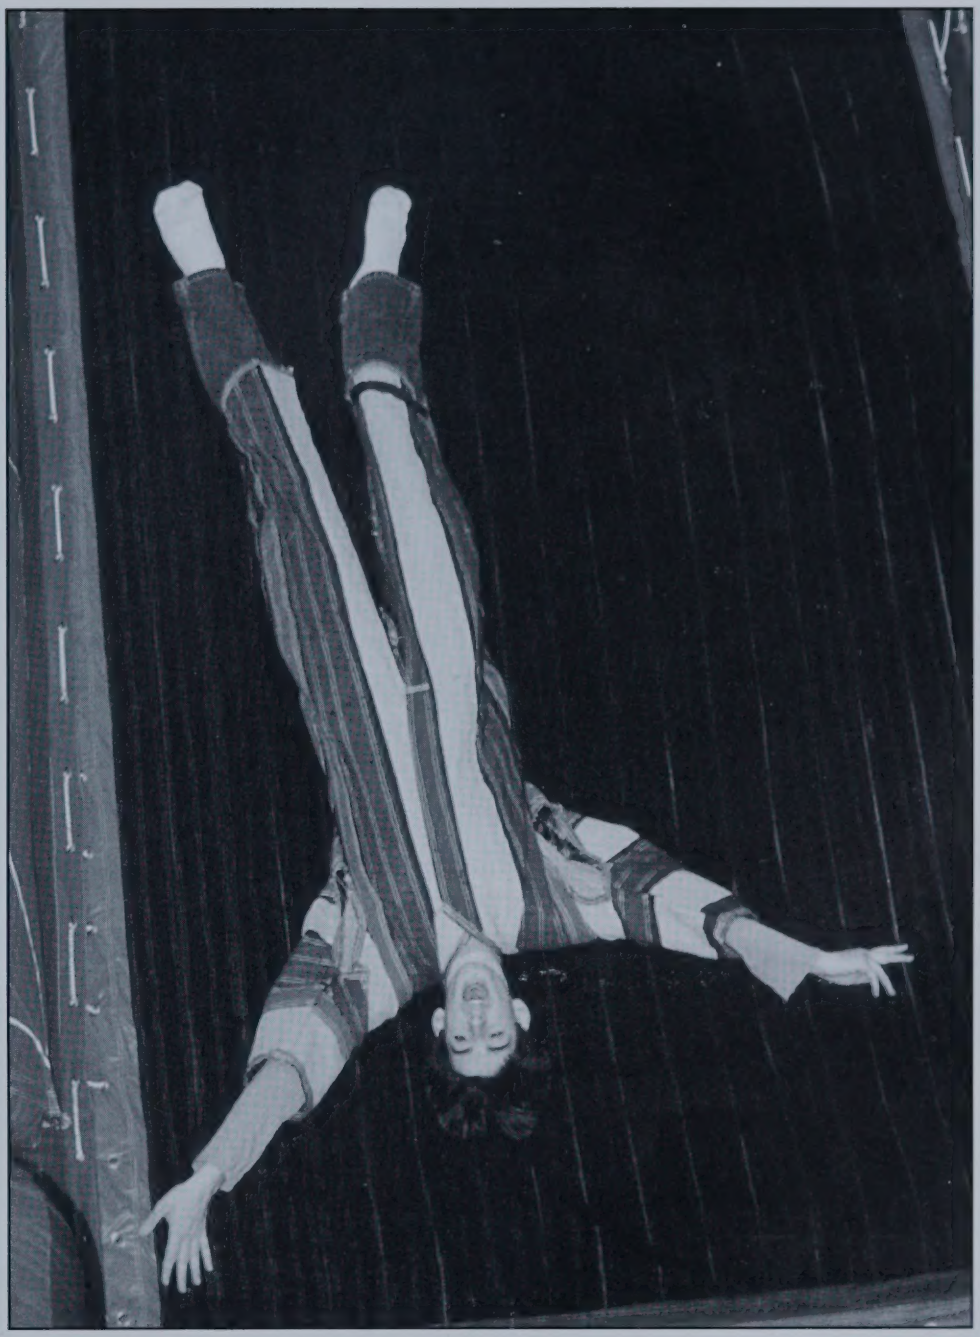
It's crossing your fingers when the map doesn't make sense, when the compass doesn't know truly north from truly lost; and it's up to you - you and your gut and your mettle, and your level of resilience, and your wealth of wisdom - to persevere. To get to the other side.

WARRIOR PRIDE

STUDENT LIFE

HEADED IN THE RIGHT DIRECTION

When students think of their years of high school, homework and tests are not the only things that come to mind - spirit days and prom, along with afterschool jobs and activities also help to make memories of our high school years complete. As students move on after they graduate, the memories they have made thoughout their years in high school are those they will remember for a lifetime. Some aspects of high school will not move on with each student when they graduate, yet what they have chosen to do in their everyday lives will stick with them forever and keep them headed in the right direction.



Warrior Spirit

Warrior Spirit

Spirit is one of the qualities that Tantasqua students possess. It is a quality that keeps everyone united. On October 20, 2000, the Student Council sponsored a Spirit Day on the football field as a competition between classes. With events like the tug-of-war, water balloon toss, dizzy bat race and the orange pass, everyone had a good time (or at least a good laugh.) By the end of the afternoon, the seniors surpassed the other classes and were named the champions of SPIRIT DAY '00!

Prom '00

"Millenium Magic"

▲It all started one night in Worcester.

Millenium Magic was truly a great success. The laughter and tears we all shared, made the night spectacular. Prom '00 at Mechanics Hall proved to be a great way to end the school year and say farewell to the seniors. The enchanting evening was a flawless hit. As you can see, the Tantasqua student body was dressed to kill, and some others had unique ideas about their ensemble. Next year's prom has a hard act to follow.

Homecoming 2000

Homecoming 2000 was another great hit for Tantasqua. The gym was most definitely full, and autumn was in the air. The night ran smoothly with the decorations looking ravishing. The fairy tail theme was a hit! The Homecoming Court included Quinnen Donahue, Doug Adriance, Ruthann DeGutis, Kyle Picco, Caitlyn Brackett, Mike DiFederico, Amy Lucier, Carly Wilson, Josh Skowyra, and Kerri Bottcher. Kyle Picco and Carly Wilson were crowned king and queen. Everyone looked fabulous and the night will remain an everlasting memory. The seniors will have Homecoming 2000 forever imprinted in their hearts.

A Day In The Life Of A Tantasqua Student

Though academics and school sports are extremely important in the lives of many of the students here at Tantasqua, there are also outside activities in which many individuals participate. These activities can give students an outlet to express their individualism as well as excell in something they enjoy. As seen here in these photos, the activities range from working small jobs to rock-climbing and riding go-carts. Having hobbies outside of school is extremely important to the well-being in all of us. They also help in keeping each of us headed in the right direction.

Winter Carnival

▲ Keep going - you're almost there!

The first annual Winter Carnival took place this year during the week of January 15, 2001. Each day a scheduled event was put on and sponsored by the Student Council. Events included a hypnotist, sledding and snow sculptures on the football field, and last but not least a carnival with cotton candy and events like a velcro wall and sumo wrestling in the gym. This week long party is one that will hopefully progress in years to come. The students seemed to enjoy themselves (and we even saw a few teachers sledding down the hills of Tantasqua as well.)

Tantasqua Weekly News

This year, the TWN interns, who help to create, film, edit and produce the weekly show that airs on the public access channel, have really turned the program around from what it has been since its existence. The television interns get the chance to go out in the community and tape events as well as get a close look at the events that occur right inside the walls of Tantasqua. Each intern then gets first hand experience at using real editing equipment on one of the two editing decks in Tantasqua's television studio. On Thursday nights, all of the interns stay after to put together their weekly masterpiece - and take time to hang out as well.

FACULTY

"The mediocre teacher tells.
The good teacher explains.
The superior teacher demonstrates.
The great teacher inspires."

- William A. Ward

HEADED IN THE RIGHT DIRECTION

The exceptional faculty here at Tantasqua is what keeps us students headed in the right direction. Whether it be extra help in the early hours before sunrise, or guidance until the sunset, they are our backbone. The students at Tantasqua conquer the unconquerable because of the staff whom are the stitch work in the quilt of life. The whole student body owes a great thanks to each and every one of the staff members whom help in completing our education and keep us headed in the right direction.

SENIORS

HEADED IN THE RIGHT DIRECTION

Another year at Tantasqua has come to a close, but for the seniors, the high school years have come to an end. It is now time for the seniors to head off to college, join the military or make it on their own in the working world. We may not miss coming to school 7a.m.- 2p.m. five days a week attempting to make our way through the crowded hallways, but we will miss seeing the friends we've known for many years, chatting between classes, as well as participating in various after-school sports and activities. Instead, we're off to make *new* friends, start *new* adventures and begin to work toward a new set of goals which we have set for ourselves. We entered high school as timid young freshman and have grown into young men and women ready and capable of taking on the challanges that await us. Our four years of high school seem to have flown by, but the memories we've created will stay with us for a lifetime. As we begin to carve our paths into the real world, we can be confident that the knowledge and skills we learned here at Tantasqua will lead the way and keep us headed in the right direction.

Each successive class is always *so* different from preceding classes, or at least this is how they perceive themselves. "We are the different class," we have always proclaimed. We are the best. We are the friendliest. We are the smartest, the most spirited, and the hardest working class ever. Yet, each class before us and each class after us will probably say the same things. However, they will not be able to say, "We are the first class of the millennium; we are the first class to graduate under construction; we are the class of 2001." It is the spirit our class exhibits, the friendships we share, the individuals who make up our class, and the memories we take with us that make our class different. If it is only in our minds that we are the best class ever to walk the halls of Tantasqua, then so shall that image live on in our hearts. Thank you class of 2001 for being "different."

JUNIORS

HEADED IN THE RIGHT DIRECTION

Despite the heavy workload, juniors enjoy being the heart of the student body. The juniors made a great effort to show their individuality; for this is the year in which colleges will be looking at each student. In these stressful times, they have remained optimistic and hopeful. Through the year, the class has remained focused and goal orientated. The juniors have proven to be strong under the pressures of academics, school orientated activities, and life in general. The class seems to be comfortably adjusted to Tantasqua. As seniors, they will not even notice the rumbling of trucks and pounding of hammers. It is hard to believe that the juniors of today will be the seniors of tomorrow and be leading Tantasqua in the right direction.

JUNIORS

SOPHOMORES

HEADED IN THE RIGHT DIRECTION

The first year in a new school can be an anxious time for students. A new building, new teachers and new classes can bring about new adventures. The sophomore class entered Tantasqua as the "new kids on the block" and quickly became familiar faces in the hallways. By then end of the year, they had made their mark at Tantasqua. They learned the ins and outs of making their way through the halls and also making it through each class in the block schedule. Having built up some experience here at Tantasqua, next year the sophomore class will use their experiences and help lead the new sophomore class in the right direction.

TECHNICAL

HEADED IN THE RIGHT DIRECTION

Tantasqua Regional High School's Technical Division provides students with the opportunity to gain valuable real-world skills and training while attending high school. Students are allowed to enter the program as a Freshman and spend two years exploring a variety of modules which are geared towards the different options the Technical Division offers to Juniors and Seniors. By the Junior year, students in the technical division must choose a specific trade. They will spend their next two years learning about and perfecting skills for the specific trade they have chosen. Students may choose to study topics in the health field, carpentry, electrical, computer technology, drafting or machine shop. Regardless of the option they choose, each student leaving the Technical Division at Tantasqua Regional High School will possess the skills needed to begin working in the field or to continue their education beyond high school. The Technical Division spends time and energy to train students in order to send them off into the real-world and keep them headed in the right direction.

Allied

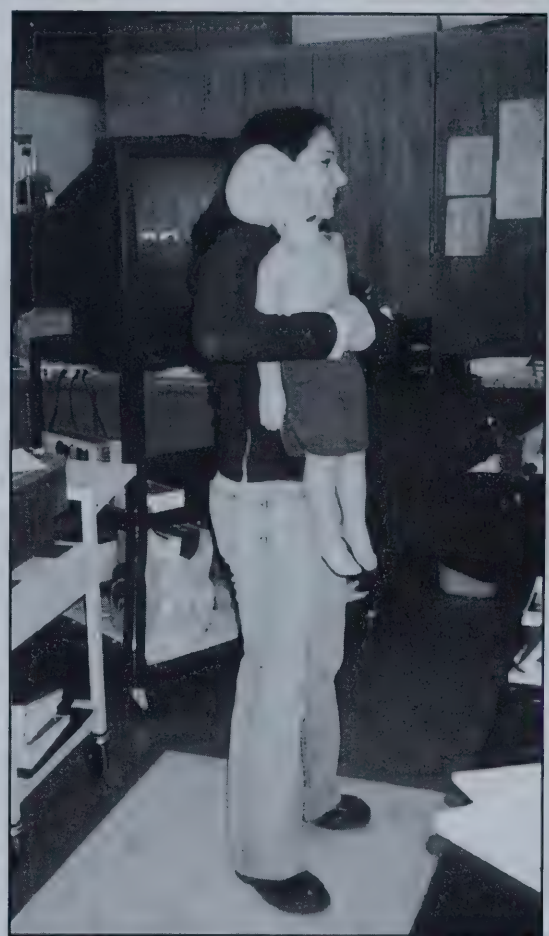
The Allied Health course in Tantasqua's Technical Division is a two-year program designed to prepare students for career opportunities in the health care field and for post-secondary education in any health related major. Topics covered in this course include medical terminology for the health care professional, common disease conditions related to each of the body systems, and ethical/legal issues that exist in health care today. Students also become American Red Cross certified in CPR and First Aid.

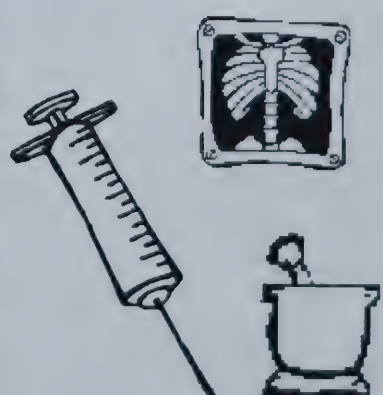
The Intro to Allied Health course is offered to any interested academic junior in the first semester, which gives students a chance to find out what the course is all about. During this introductory course, students also learn about many types of health careers and some procedures associated with direct patient care. Second semester juniors become more involved with patient care procedures in preparation for senior year clinical rotations at various acute and long-term care facilities.

As a second semester senior, students decide if they want to pursue certification as a nursing assistant/home health aide, or go in other directions like physical therapy, medical office procedures, and radiology.

Students who want to pursue health careers other than nursing get the opportunity to observe in various departments within the health facilities and, with the students who want to become nursing assistants, choose an area that they would like to pursue as an internship in the last two months of their senior year.

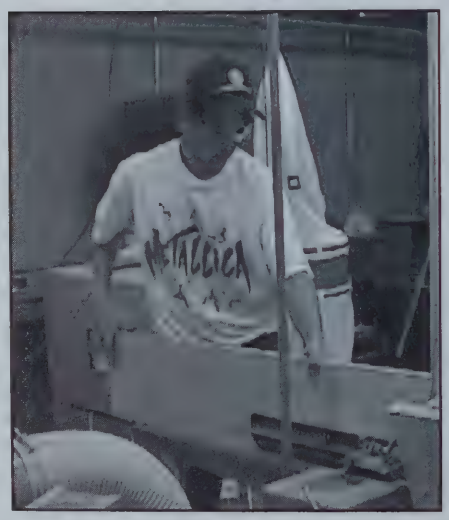
Health

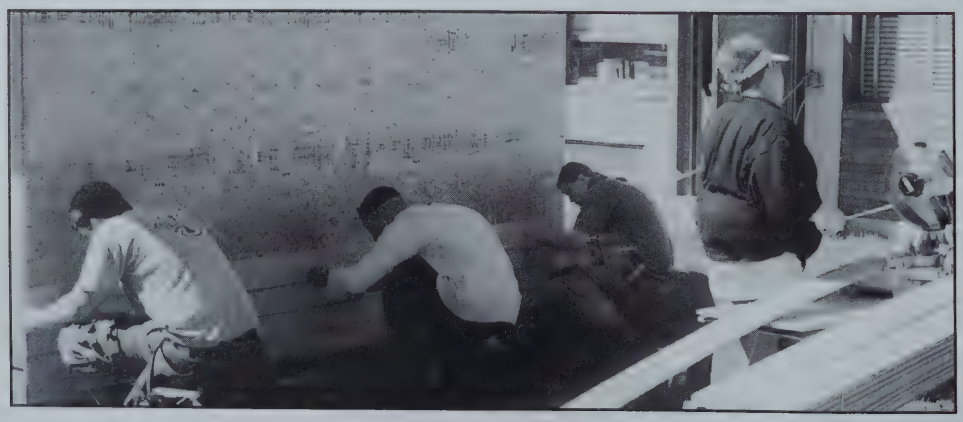


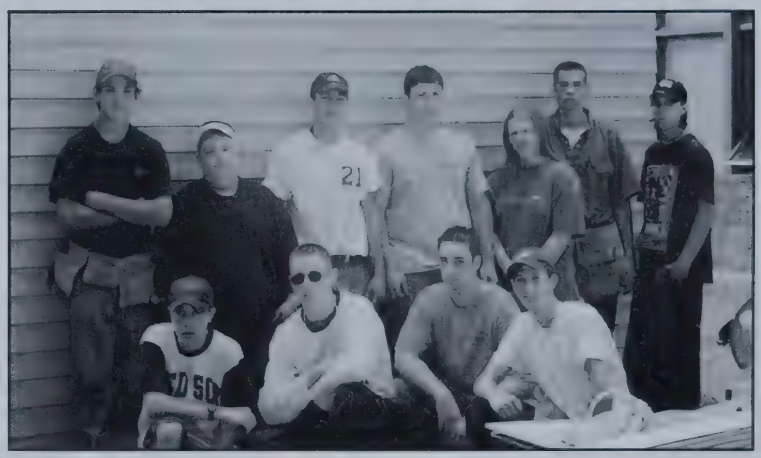


CARPENTRY

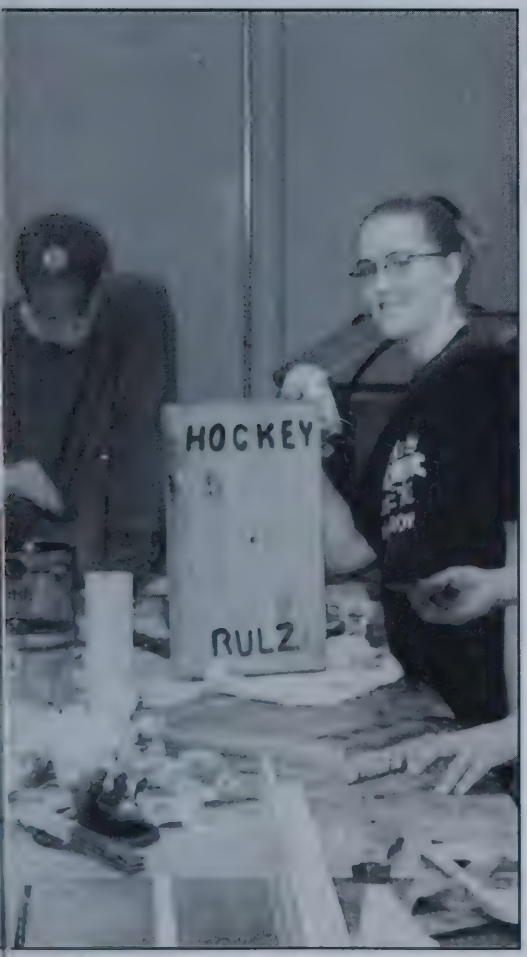
Construction technology provides students with skills necessary for entry into the carpentry field. Students in the eleventh grade participate in lab-based instruction where they learn about the tools, machines, and techniques of the construction industry. Students aquire skills by building items such as cabinets, bookcases, sheds, and small additions to houses. Twelfth grade students do construction projects in the Tantasqua community. Examples include building a house as well as building additions to houses, garages and decks.







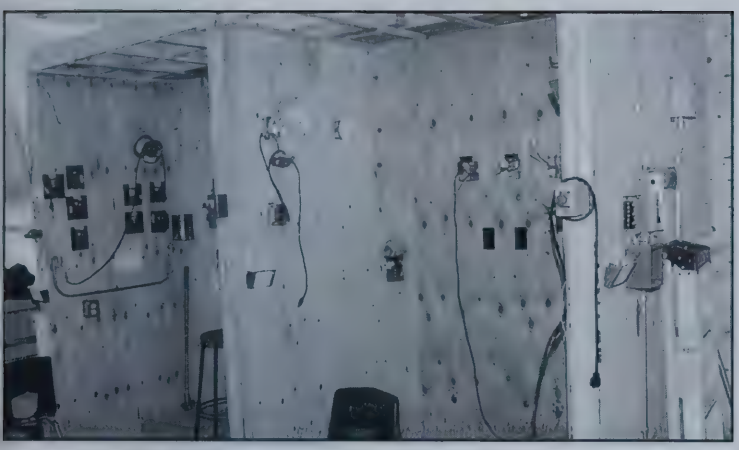
nothing but OUR BEST!



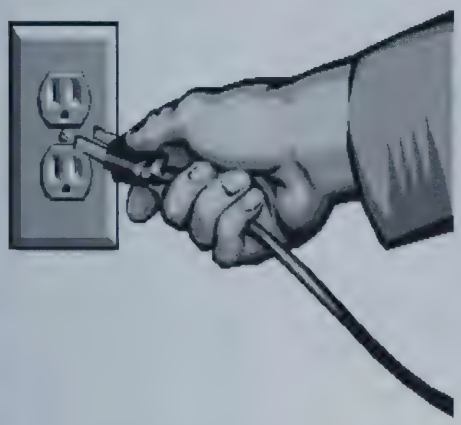
ELECTRICAL

The Electrical program is a two-year course designed to allow its graduates to enter the work force as entry-level electrical apprentices or to continue their education at a post secondary setting. The program's graduates have been very successful in the electrical industry.

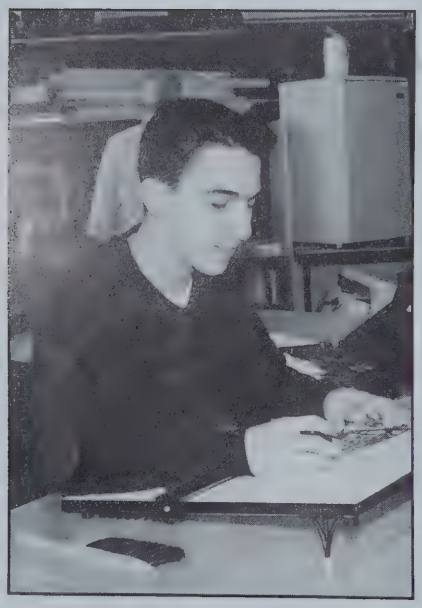
A first year student spends 50% of his or her time in electrical classes. The student's electrical time is divided between the electrical classroom and the shop. During the second year in the program, 75% of the school day is spent in Electrical. Most of that time is spent at the off-site wiring job, and the remainder is spent in the electrical class and motor lab.



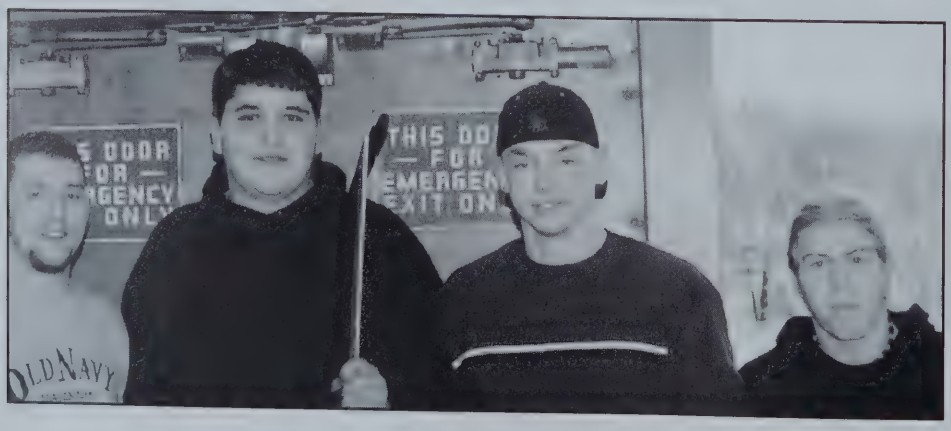
SAFETY TAGS



DRAFTING



If it's man-made, then someone designed it and someone made a drawing of it so it could be manufactured. Drafting and Design classes help prepare Tantasqua students for entry-level drafting jobs, one and two-year college level drafting and engineering technology programs, and four, five, and six-year engineering degrees. If you are planning to be an architect or engineer at any level, you need drafting/CAD (computer aided drafting) class so you will be prepared.



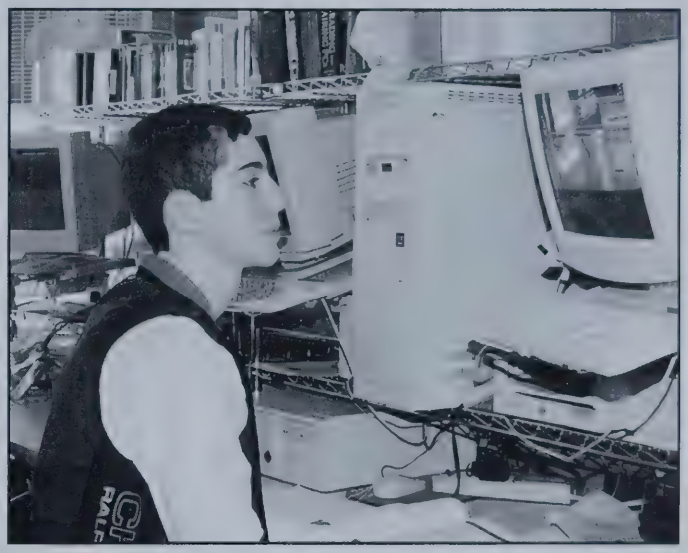
Computer Technology

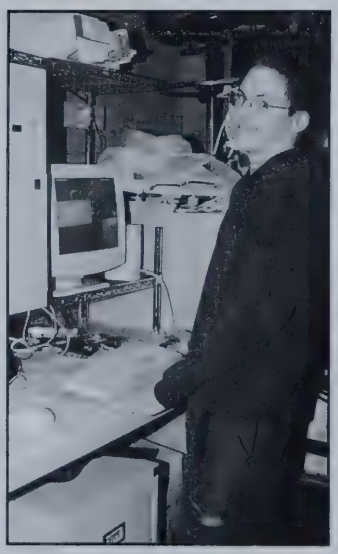
Although it is the newest group in Tantasqua's Technical Division, the Computer Technology department has started off headed in the right direction. The juniors and seniors have both done much this year to accomplish the purpose of the course: learn about the workings of computers inside and out. Whether it is taking apart a PC or putting one together, this class does it all.

Computer upgrades, repairs, customer relations, troubleshooting, networking, HTML, web page design, programming, and more are covered throughout the two years of the program. One of the major goals of the class is to ready students for the A+ PC Technician Certification Exam, which is an industry standard exam in the field of computer repair technology. The graduating seniors now have enough experience and knowledge to take and pass this exam.

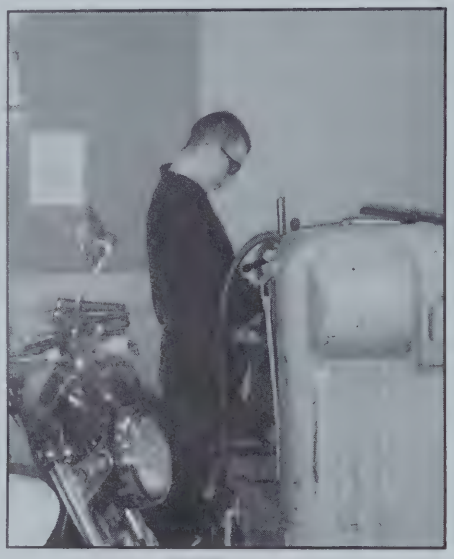
Over their two years in the class, the seniors have spent more than 750 hours expanding and solidifying their knowledge of old, new, and emerging computer and information technology. The curriculum provides a well-rounded base that prepares students for jobs in any number of careers in the computer field. In addition, the people they have serviced computers for have benefitied greatly from the students' skills.

This year, the Computer Technology department has made progress in many areas. The juniors created the Technical Division's web site last year, and modifications are now made as students use their knowledge of HTML code. The seniors have also explored extensively various programming languages such as QBASIC, C++, Visual BASIC and HTML while the juniors' main focus this year has been on operating systems and computer hardware. The seniors, in addition to community service at the Sturbridge Senior Center through an introductory computer class, have also worked on independent projects under Ms. Bullock's direction. Each project is individual to the student and incorporates knowledge from a variety of fields such as C++ programming, Beowulf cluster/ networking, and multimedia development. As the seniors leave the school this year, the juniors will continue to work hard to prepare themsleves for the work in the upcoming year as seniors themselves.

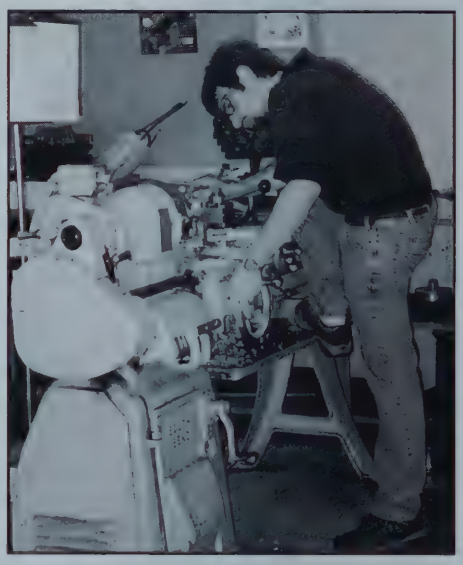


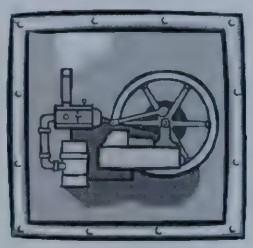


MACHINE SHOP

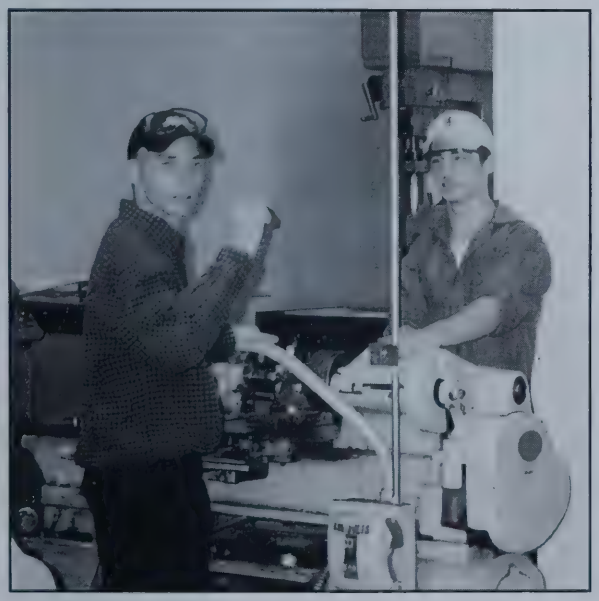


Everybody needs to find a job that fits him or her. Machinists do things that no one else can do. They live and excel in a world where things too small to see make a big difference. They possess special skills and unique knowledge. Machinists do real work in a world full of man-made stuff. They make cars, jet planes, production tooling, precision instruments, and a better America. Having a career in a professional world of exact specifications and real deadlines seems to show their character and hard work.





"Making the world work a little more efficiently..."



MACHINE SHOP

ACTIVITIES

HEADED IN THE RIGHT DIRECTION

The day to day activities that Tantasqua students participate in are what helps to keep the school united. With clubs like the Student Council, the Gay/ Straight Alliance and SADD, along with various music groups, there is an organization for everyone to get involved in. Taking part in activities at Tantasqua is a chance to make friends and become a leader, while also having fun. As students get more involved with the organizations at Tantasqua each activity in it's own way will be headed in it's own direction - the right direction.

SPORTS

HEADED IN THE RIGHT DIRECTION

Mixing new coaches with the old, experienced varsity players with the new, Tantasqua sports are headed in the right direction. With boys soccer, golf and field hockey going to districts, cross country with its near perfect record, and girls soccer and football improving with each game, the Tantasqua Regional High School sports program is in full gear. The baseball, softball and track teams are building off successful 2000 seasons and looking forward to being competitive in 2001. There is a unique relationship between each coach and athlete that makes the seasons successful even without the records. With the guidance and support from coaches and our Athletic Director, Mr. Casaceli, the spirit for the "Tantasqua Warriors" will stay with the school for years to come.

FOOTBALL

The 2000 football season was supposed to be a rebuilding year under first-year coach Chris Lindstrom. However, the Warriors were able to manage a 4 - 7 record using a new system, with highlight victories over Super Bowl contending South Colonels and Millbury Woolies.

Let by captians Paul Beaupre, Joe Ciesla, Steven Merrill and Ron Varrichione, the Warrior's season contained many exciting games and big plays. Even in its defeats, the football team was still able to have fun through hard work and dedication.

Next season, the talented Warrior Football Team aims to avenge upset losses to division rivals Bartlett High and Uxbridge High and contend for the SWCL Championship.

CROSS COUNTRY

The warrior cross country teams were headed in the right direction to rise to the top of the SWCL again this year. The warrior boys , let by co-captains, Kyle Picco and CJ Minchoff finished their season with a record of 13 - 0. The warrior boys have seven seniors leaving, who in the past three years have won 45 consecutive meets.

The warrior girls team, let by senior tri-captians, Michelle Hayes, Heather Audet and Ruthann DeGutis continued their dominance by going 12 - 2. The girls came in eigth at districts, their best placement ever.

Congratulations to both teams and best of luck next year!

SOCCER

After losing about half of last year's varsity team, the Boys Varsity Soccer team faced the tough task of putting together a winning team. Fortunately there was an abundance of hardworking athletes to build a winning team at both the varsity and junior varsity levels. Combined with the strong leadership of experienced varsity captains Greg Murphy, Doug Adriance, and Nick Ferro and the guidance of Coach "V" and Coach "Officer" Gibbons, both teams had successful seasons, with the varsity squad once again making districts. From the looks of the well-stocked Junior High team, the Tantasqua soccer legacy should continue well into the future.

SOCCER

The 2000 Warrior Girls Soccer team had their share of ups and downs. The team worked hard all season and improved a great deal. Under the leadership of captains Val Senseman and Kara Simpson, the team showed great spirit and determination on the field and kept many games close. Ten seniors will graduate from the team this year. This group of young athletes served as excellent role models for the underclassmen and will be missed next year. The underclassmen are anxious to work hard and are hopeful for a successful season next year.

FIELD HOCKEY

Words just can't describe the 2000 Warrior Field Hockey season. More than anything, it was emotional. This is especially true for the 16 seniors who had to walk off the field for the last time after a disappointing district loss. However, the season was more than successful. With a final record of 12-5-1, a total goal count just shy of 70, and a group of girls who have never been closer - this season will not be forgotten.

GOLF

Warrior golf had yet another successful season, driving its way to a record of 12-5-2. The team garnered second place in the league championship and qualified for Central Mass. Districts. At that tournament, Steve DiGeronimo finished third out of seventy golfers and qualified for the State Finals. His brother, Jeff DiGeronimo had the best average score for the team during the season. Next year is promising, when once again much talent will be displayed at Hemlock Ridge.

BASKETBALL

The boys' basketball team reached many monumental accomplishments this season. The first came when they clenched a district birth earlier in the season than any other previous warrior team. The greatest achievement, however, came when the team, led by captains Josh Skowyra, Doug Adriance and Ron Varrichione, won the first SWCL conference championship in Tantasqua boys basketball history.

School spirit definitely carried the team during the home games, especially in the "nail-biting" victory over Southbridge as well as the 104 point thriller against Quaboag for the conference title.

Despite graduating six seniors, at the close of the season, Coach Fowler and his Warriors intend on having another successful and entertaining season next year, as well as defending their conference championship title.

BASKETBALL

From team sleepovers to Warrior Tirades, the Girls' Basketball Team knows how to have fun. After a dissappointing season-opener, the team pulled together to form one of the best teams in Tantasqua's history. With six seniors offering their leadership and experience, and a dynamic group of underclassmen, the team is "The hardest working team in America." Beating David Prouty and Sheopard Hill, and earning a spot in the District Tournament, the team satisfied goals which were set at the beginning of the season.

This year's squad played together as a team - a true team - on and off the court. Each member has made sacrifices for one another and for the team. These sacrifices will not be forgotten. When the last buzzer sounds, the last high five given, the last tap recieved, everyone will know we will always be Warriors.

INDOOR TRACK

Running in the snow and rain, temperatures feeling like fifty below, leaving for meets at 7:30 every Saturday morning... that's what winter track is all about.

With a new coach the team did not know what to expect, but the team was shown early in the season that Coach Benoit was going to make them work hard and keep the team headed in the right direction. An excellent blend of experienced leadership and hard working underclassmen helped to make both teams competitive all season long. With an array of seniors leaving next year, the team will have many gaps to fill, however the talented underclassmen will surely pick up the slack.

BASEBALL

The Warrior 2000 Baseball season was full of ups and downs. Those who were part of the team felt the glory of victory and the agony of defeat. The record of 14 - 6 earned a district bid and the second straight year of domination in The Auburn Tournament. Although five of our teammates have since graduated, we will be returning eight starters and have hopes of success in the 2001 season for the Warriors.

SOFTBALL

Even after losing some of the team's greatest senior players, the varsity softball team was still headed in the right direction. Led by captain, Gretchen Muller and four other seniors, the Warriors played a terrific season and made it to the first round of districts. United under a new coach, Mr. Lagerstrom, a group of very talented girls found success through hard work and dedication, and had a little bit of fun in between.

TENNIS

The 2000 tennis team finished a tremendous season as the number one seed going into districts. Under the great leadership of Coach Lucas and captains, Pat Blomberg and Charley Light, the team made huge strides.

Though all of the seniors will be leaving the team, next year's boys tennis team looks to be just as strong. The young and determined team of 2001 will continue to carry on the torch and, once again, prove to be victorious.

TENNIS

The girls went into the season with high hopes and confidence. They finished it off with an overall record of 12 - 2 and the title of SWCL Champs. Coach Parker discovered early on that the key to such an impressive record was to always play on a full stomach. Therefore, with a cooler filled with food before every match, the girls had the determination and sustenance to win.

SPRING TRACK

It's often said that April showers bring May flowers, but for spring track, all the April showers brought was a flooded track. As spring settled in and things began to dry out, our team was back in business.

The season was full of breaking old records and setting personal bests. The team, led by captains, Leigh Thibert, Abby Walker, Matt Dubois, Nick Ferron and Brad Campbell, was very strong. The Warriors' many All-Stars coupled with the "star" runner, Dan Mason, who sprinted his way to the statewide meet, made for some serious competition with the rivals.

Though we lost many of our top seniors, next year's track team will be filled with talented young men and women working towards perfection as they build another winning team.

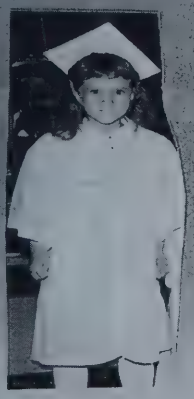
Dear Meghan,



"What we call the beginning is often the end. And to make an end is to make a beginning. The end is where we start from." ((T. S. Eliot)) Always remember our dear Meghan, that the secret to happiness and success is hidden deep inside you. With our love, support and guidance you will never be alone as you end and begin again. We are so proud.

Love you, Mom, Dad and Adam

Matt,

All too quickly you were out of my arms that held you so close, and you were standing at my side holding my hand. *All too quickly* you let go of my hand and placed your arms around my shoulders, hugging me as the time went by. *All too quickly* you were standing tall and strong on your own, independent and self-assured, letting me see the person you had become and knowing that I couldn't have been more proud. *All too quickly* those days of childhood have come and gone, but the memories of those times are as clear in my mind as ever. And, because you are my child, you will always be welcomed into my arms, for you will never be too old or too big to be held close to my heart. You have grown up to be everything a parent could ever dream.

- THANK YOU -

All my love,
Mom

Congratulations Chris

We love you and are very proud of your accomplishments, but especially proud of who you are.

Love,

Hey Amanda,

I am still sorry about breaking the flat rock. I didn't mean to. Just remember all the fun we had in the brook, at the cottage, snow shoveling the roof and last but not least, Barbies. (even though you always had the better Barbie house) I will always be here for you. Oh, one last thing, YOU'RE FINALLY GONE!!! Yippeee!!

Love,

Ashley,

You have always marched to the beat of a different drum. Always a leader, never willing to follow. You are as sweet as you are strong, independent and wise beyond your years. When you look back on your life, remember you'll only regret the things you didn't do far more than ones you did.

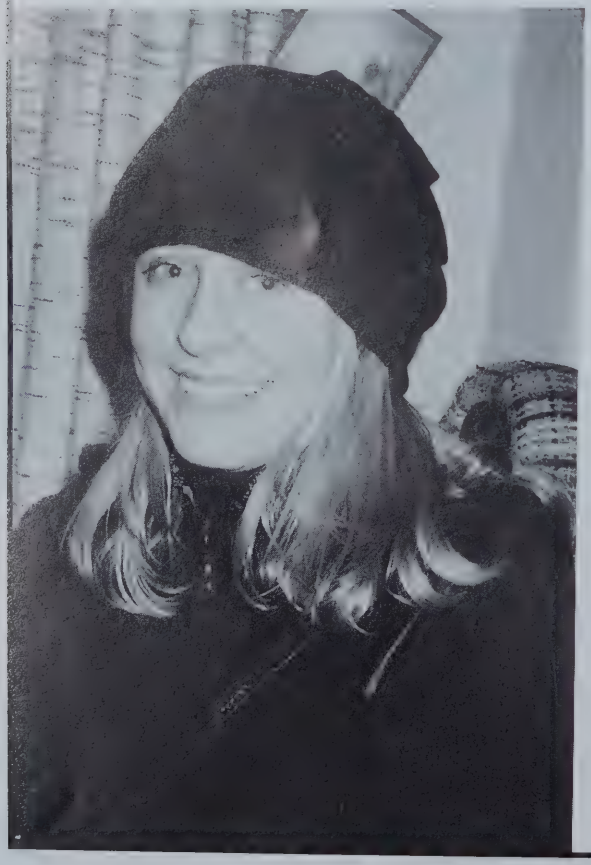
Embrace the journey . . .

With our love,
Mom, Dad & Michael

Throughout the years our lives have been filled with great joy and happiness. You have shown us what having your own style is all about.

At a very young age you began to demonstrate your impeccable taste by designing your own line of high fashion apparel.

As we grew up together we learned that there are a lot of other ways to enjoy life. We spent many hours at the edge of a field Cheering you on, sharing in your efforts And your triumphs.



Today as we look at you, we are proud of who you have become. You are special because you are you.

Congratulations Pam!

One thing to remember for the future

YOU WILL ALWAYS BE OUR LITTLE GIRL !!!

Eric: It seems like yesterday you were just a baby. Time has a way of slipping past us unnoticed. We closed our eyes for a moment, and opened them to find you grown.

We never realized graduation day would come so quickly. You are sensitive and caring, loving and giving. You are a person whom people respect, and so do we.

You have brought so much joy into our lives. You have touched our hearts in a way that has forever changed us. There is nothing we'd rather see than your smile, and nothing we'd rather hear than your laughter.

As all of your tomorrows open themselves to you, remember to choose your paths in life with honor and integrity, never forget how proud we are of you and how much we love you.

With tenderness and great affection,

Congratulation Mom & Dad

Congratulations
Erin!

We are so proud of you!

Time.

Time is a wheel.

Time is a wheel in constant motion always rolling us along.

Tell me who wants to look back on their years and wonder where their years have gone.

WARRIOR FOREVER

As the seniors leave the halls of Tantasqua for the last time, they take with them the memories they made during their journey through high school. The halls are empty for now but they will soon be filled again with the hustle and bustle of anxious students all working toward the same goal achieved by thousands of students who once passed through these same halls of Tantasqua. The goal of graduating and moving on to a new phase of life. The time spent within these walls goes by very quickly as does life. Every so often we should all take a step back and think back upon the years spent at Tantasqua. Though we all had different experiences here, there's one thing we all have in common that will be with us throughout the rest of our lives. We were all once Tantasqua Warriors and that will never change.

2001 Yearbook Staff

▲ *Editor-In-Chief: Kate Kalber*

As my senior year and the production of this yearbook come to a close, there is one piece of advice that I would like to extend to the class of 2001, the underclassmen, faculty and administration: ***"Things are always better than how you imagine they will be."***

Being editor of the yearbook this year has led me to believe this even more. When asked to be the editor last spring, I admit that I was a bit reluctant. It meant I would be taking on a huge task. I initially did not have any advisors or much material to work with. I asked Ms. Egan and Ms. Wicker if they would be the yearbook advisors, and I must say that it was the best request I could have ever made. The time and effort they put into the creation of this yearbook is more than I could have ever asked. Thank you for being the leading forces behind the production of this book, Ms. Egan and Ms. Wicker!

Also, to all of the students who came after school to help with pages or went out into the communities and sold ads - this book was not possible without you. A little work by many goes a long way. I entered this experience unsure of what lay ahead, but the result of these past nine months exceeds anything I could have imagined. From this endeavor, I will treasure not just a yearbook, but all the memories and friendships that go with it.

Later in life when someone asks me about my senior year experiences in high school, I will be proud to raise this book high! Class of 2001, this is our book.

Kate Kalber, Yearbook Editor-In-Chief

Ms. Wicker,
or Tracy or Tra, What ever I'm supposed to call you out side of School :) Anyway, thank you sooo much for everything that you've done for me! I can't begin to mention how much I appreciate it! Honestly. I enjoyed your class so much! We've had some good giggles and some really good belly laughs -- Mark, Brendan and the Volvo story. He He.
I'm glad you finally got to see my house, I'll have to have you back when my room is clean! :) Feel free to stop by when ever you can, I'd love it! Thanks for coming to my party, I had fun w/ you and Kate! Oh yeah, thanks for cheering for me too!
I'll miss you next year, but I can gaurentee that I'll come visit you. Thanks so much
♡Em
P.S.
great job w/ the year book! :)

Ms. Wicker, sorry that we were all so bratty in Calculus, but we were seniors so I hope you can excuse it. And I really did enjoy Calc! Thanks for doing all the help sessions even if I didn't really use them for math... They were good social events. I'm sure I'll come back and visit you next year. Hope next year's class will be as good... but they won't!

- Graham

8 → SUPPORT - I have to say that one of the nicest things that you have done for me this year was go to my dance competition in Amherst. The fact that you have supported me in so much (if not all) I've done has meant so much and has been so comforting. Always remember that I am here to support you as well. That's what I'm here for.

6 → MUSIC - Music is a leading factor in what reminds me of our friendship. So many songs remind me of you!! "Laid", "Leather", "Thank You", "Under Pressure", "Here's to the Night", "Hanging by a Moment", anything Madonna, anything Matchbox 20, "Seasons of Love and of course "Babylon". "525,600 minutes, how do you measure, measure a year? Measure in LOVE!"

"Beautiful Day"

4 → YEARBOOK - the backbone of our friendship. Imagine what our lives would be like without it... we wouldn't have the friendship we have today. Something/someone has brought us together and yearbook became the thing that brought us together initially. Late nights chatting, hanging out at your house, etc... I wouldn't change any of it for the world. I'll miss that everyday with you. I'll be jealous... but I am confident I ~~[illegible]~~ won't be replaced in your heart... nothing and no one can take away what we have.

2 → SIMILARITIES - Oh my god - is all I have to say. How many times have we picked up on things that we have TOTALLY in common!? We are definitely more similar than different and that has been really cool!!

Tracy-

I cannot even believe that as of this very moment I am not a student at Tantasqua anymore let alone the fact that I am actually writing in your yearbook... the yearbook WE created! Where did the time go...? Where did this year go...?

Okay... as for as what I am going to write in this space - I am going to do in a slightly different way. I am going to make a list of ten of what I feel to be the most meaningful, memorable and wonderful things about you and the friendship that we share. Please understand that this list extends into and beyond (if that's even possible) infinity ∞ (← oooh... calc!) know that everything we've done and all you've ever said has gone straight to my heart and I cherish everything - I just can't write it all in this yearbook. Got it...? Here goes... ☺

10 → LAUGHTER - How great has this year been if we just think about all that has made us laugh!? Laughter is SO important in a friendship and we've certainly had our share. "Um... Tracy put that down. That is a bar-be-que tool set!" "Did you know that uno means one in Spanish?" The Christmas Pickle, Oscar, TWN videos, etc... the list goes on and on. Thank you for being a constant reason to keep smiling! ☺

the Idiot tally chart...

9 → HANGING OUT - Just knowing that I would be hanging out with you on any given day has given me a reason to look forward to the future! Looking for secret santa gifts, going to Matchbox 20, going to Unos for dinner, Burlington Mall, Christmas shopping (Kahunaville), buying DocMartins, shopping for hot pink... again the list goes on and on!

7 → BOSTON - I'm really glad that I have chosen Boston to go to school. After all we've done it really has come to remind me of you. Blue Man Group, Banana Republic, TGIF, Quincy Market, the "T", RENT and all the funny things that happened! ☺ Just remember, "Everywhere I am, there you'll be..." You'll always be in my heart and on my mind. I think about you constantly everyday and always will

5 → CALCULUS - You have taught me so much. I can't thank you enough for "Thursdays". Just think how close those made us. I've come to rely on them so much! As they said in Finding Forrester "There are some people that we are so close to they feel related and closer than blood relations". When I think of that movie I think of you.

3 → CARING / LOVE - "Holy shit, Kate! Are you okay!?" ☺ You're always there for me with open arms... I know I can always rely on you to be there to comfort me and hold me. I need that - I always will... Your love and caring is so different from anyone else.

1 → "WHAT IS A FRIEND? A SINGLE SOUL DWELLING IN TWO BODIES." This is TOTALLY a quote that relates to us! It is us. We really are "soulmates". So this is it for this year. Thank you for everything! I can't think of anything who I want to be as close to as you for the rest of my life. You mean everything to me. I love you more than anything! XOXOXO!!! ~Kate
